

Acknowledgement of EPF degrees

The following degrees are conferred by the EPFL :

- Civil Engineer
- Environmental Engineer
- Mechanical Engineer
- Microtechnical Engineer
- Electrical Engineer
- Physics Engineer
- Chemical Engineer
- Chemist
- Mathematical Engineer
- Mathematician
- Computer Science Engineer
- Materials Science Engineer
- Architect ¹⁾
- Communications Systems Engineer ²⁾

These degrees are awarded after 4½ years study including a one semester project which has to be submitted to a panel for an oral examination.

In view of the above and the level of knowledge obtained by those awarded, the degrees awarded by the EPFL, officially recognized in Europe by the Bologna Convention, have the value of the **Masters degrees** obtained from the best American and European universities.

A handwritten signature in black ink, appearing to read 'M. Jufer', written in a cursive style.

Prof. Marcel Jufer
The Vice-President for Education
